

Ordinance #2022-03

As a result of the compelling interest in the ability of the Town of Torrey to provide water services to its constituents and, in light of the uncertainty of the ongoing drought, ORDINANCE #2022-03 establishes a moratorium for no more than six months (expires 11-05-2022) on all new water hook-ups and expansions on established water services. Including, but not limited to, accessory dwellings.

Effective 5-12-2022.
